EXAMINER'S AMENDMENT

1. An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on August 31, 2005, Jay F. Williams requested an extension of time for ONE (1) MONTH and authorized the Director to charge Deposit Account No. 23-0975 the required fee of \$120.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

The claims have been amended as follows:

1. (Currently amended) A synthetic chloroprene rubber adhesive composition for adhering speaker components to a polypropylene speaker frame, which composition consists essentially of, based upon 100 parts by weight of rubber (PHR):

100 parts by weight of carboxylated synthetic chloroprene rubber; and

1-30 parts by weight of chlorinated polypropylene and/or chlorinated polypropylene derivatives,

wherein said chlorinated polypropylene derivative is acrylic-monomer-and-methacrylic-monomer-grafted chlorinated polypropylene.

Art Unit: 1733

2. (Cancelled)

3. (Currently amended) A process for producing a speaker having a speaker frame formed by molding polypropylene, wherein speaker components are bonded to said speaker frame by using a synthetic chloroprene rubber adhesive composition, which composition consists essentially of, based upon 100 parts by weight of rubber (PHR):

100 parts by weight of carboxylated synthetic chloroprene rubber; and

1-30 parts by weight of chlorinated polypropylene and/or a chlorinated polypropylene derivative,

wherein said chlorinated polypropylene derivative is acrylic-monomer-and-methacrylic-monomer-grafted chlorinated polypropylene.

4-6. (Cancelled).

Summary of above noted August 31, 2005 Telephone Interview: Agreement was reached on the above noted changes (and 1 month extension charge) in order to place this application into condition for allowance for the reasons noted by the examiner in part 5 of the May 17, 2005 office action (it being noted that the August 17, 2005 amendment after final has not been entered due to the new issues raised by newly referencing "consists of" for the composition and thereby seemingly excluding the compositions in the disclosed inventive examples).

Art Unit: 1733
